Quantum Innovation Partners with Hive Pro for Proactive Threat and Vulnerability Intelligence

Strategic partnership brings automated vulnerability management and threat intelligence platform to the Middle East

Riyadh, Saudi Arabia, [Date] – Quantum Innovation, a leading cybersecurity solutions provider in the Middle East, today announced a strategic partnership with Hive Pro, a pioneer in proactive threat and vulnerability intelligence. This collaboration will deliver Hive Pro's automated threat intelligence and vulnerability management platform to organizations seeking to stay ahead of emerging cyber threats.

Hive Pro's platform provides organizations with real-time threat intelligence, vulnerability assessments, and risk prioritization capabilities, enabling security teams to focus resources on the most critical threats to their environment.

"In today's dynamic threat landscape, organizations need intelligence-driven vulnerability management that goes beyond traditional scanning approaches," said Adnan Habib, Founder and CTO of Quantum Innovation. "Hive Pro's platform provides our clients with contextual threat intelligence and automated risk scoring, enabling them to prioritize remediation efforts based on actual threat activity and business impact."

Hive Pro's SAFE (Security Assessment Framework for Enterprises) platform leverages machine learning and threat intelligence to provide:
- Real-time vulnerability discovery and assessment
- Threat intelligence correlation and analysis
- Automated risk scoring and prioritization
- Remediation recommendations and tracking
- Executive dashboards and compliance reporting
- Integration with existing security tools and workflows

"Quantum Innovation's strong presence in the Middle East market and their expertise in enterprise cybersecurity makes them an excellent partner to deliver our threat intelligence platform," said [Hive Pro Executive], [Title] at Hive Pro. "Together, we will help organizations transform their vulnerability management programs from reactive to proactive, enabling them to address threats before they can be exploited."

Through this partnership, Quantum Innovation will provide:
- Deployment and configuration of Hive Pro's platform
- Threat intelligence analysis and reporting services
- Vulnerability management consulting
- Security operations integration
- Training for security teams on threat-informed defense

Organizations across sectors including government, financial services, healthcare, and critical infrastructure will benefit from this partnership, gaining access to intelligence-driven vulnerability management capabilities backed by Quantum Innovation's local expertise and support.

About Hive Pro
Hive Pro is a leader in proactive threat and vulnerability intelligence, helping organizations worldwide transform their vulnerability management programs through automation, threat intelligence, and risk-based prioritization.

About Quantum Innovation
Quantum Innovation is a trusted, global partner delivering mission-critical cybersecurity training, certifications, and advanced technology solutions to organizations, with presence in Saudi Arabia, UAE, and Australia. Visit https://www.quantuminnovation.com or email a.habib@quantuminnovation.com.
