

## Quantum Innovation Announces Strategic Partnership with Kasper

Collaboration brings world-renowned cybersecurity solutions and threat intelligence to the Middle East market

Riyadh, Saudi Arabia, [Date] – Quantum Innovation, a leading cybersecurity solutions provider in the Middle East, today announced a strategic partnership with Kaspersky, one of the world's largest cybersecurity companies and a leader in endpoint protection, threat intelligence, and security solutions for enterprises.

This partnership enables Quantum Innovation to deliver Kaspersky's comprehensive portfolio of cybersecurity solutions to organizations across Saudi Arabia and the broader Middle East region, providing protection against the full spectrum of cyber threats.

"Kaspersky's reputation for excellence in threat research and endpoint protection is unmatched in the industry," said Adnan Habib, Founder and CTO of Quantum Innovation. "This partnership allows us to offer our clients world-class cybersecurity solutions backed by Kaspersky's global threat intelligence network and decades of expertise in combating sophisticated cyber threats."

Kaspersky's solutions provide comprehensive protection across the entire IT infrastructure:

- Endpoint protection for workstations, servers, and mobile devices
- Advanced threat protection and detection
- Security for virtualized and cloud environments
- Email and web gateway security
- Fraud prevention and anti-phishing
- Security management and monitoring platforms
- Threat intelligence and research services

Kaspersky's products are trusted by over 400 million users and 250,000 corporate clients worldwide, protecting organizations from malware, ransomware, targeted attacks, and emerging threats through continuous innovation and threat research.

"We are excited to partner with Quantum Innovation to strengthen our presence in the Middle East market," said [Kaspersky Executive], [Title] at Kaspersky. "Their deep expertise in cybersecurity services and training, combined with their strong customer relationships across government and enterprise sectors, makes them an ideal partner to deliver our solutions and support the growing security needs of organizations in the region."

Through this partnership, Quantum Innovation will provide:

- Full range of Kaspersky cybersecurity solutions
- Implementation and integration services
- Managed security services leveraging Kaspersky platforms
- Threat intelligence and incident response support
- Technical training and certification programs
- Local language support and regional expertise

Organizations across all sectors including government, financial services, healthcare, education, and critical infrastructure will benefit from this partnership, gaining access to Kaspersky's proven security technologies combined with Quantum Innovation's local presence and expertise.

#### About Kaspersky

Kaspersky is a global cybersecurity company founded in 1997. Kaspersky's deep threat intelligence and security expertise is constantly transforming into innovative security solutions and services to protect businesses, critical infrastructure, governments and consumers around the globe.
