

(ISC)² Adds Quantum Innovation as Official Training Provider in Saudi Arabia

Channel partnership bolsters access in the region to approved (ISC)² training to meet growing demand for cybersecurity skills and certification preparation training

Clearwater, FL, May 27, 2021 – (ISC)² – the world's largest nonprofit association of certified cybersecurity professionals – today announced that Quantum Innovation has joined its Official Training Provider programme in Saudi Arabia, expanding the range of options for individuals and organisations to access official (ISC)² certification preparation training to cybersecurity professionals in the region.

The organisation is led by Adnan Habib, (CCIE 4X 12416 | CISSP | CISM | JNCIE 4X | PMP) with over 19 years of experience working with government agencies and organizations across sectors including financial services, energy and education.

"Continuous education starts with a strong foundation. The growing demand for skilled cyber security professionals in Saudi Arabia highlights the mission critical importance of delivering accredited training through skilled and trusted providers," said Henry Tolley, Head of Channel Partner Sales EMEA at (ISC)². "We welcome Quantum Innovation and Adnan Habib to our Official Training Provider community. With this partnership, (ISC)² is building on its ongoing commitment to practitioners and organizations in the region, growing their training and skills development opportunities as they prepare for exams, progressing their careers and meeting the constantly evolving cybersecurity challenge."

"Working with (ISC)², we will deliver a wide range of training options in support of its globally recognised certifications to existing members in the region, as well as the next generation of cybersecurity professionals," said Adnan Habib, Founder and CTO of Quantum Innovation. "Our existing extensive relationships with organizations, government and education providers serves to showcase our expertise in delivering high quality training to the cybersecurity community. As an Official Training Provider for Saudi Arabia, Quantum Innovation will deliver training courses in a variety of delivery formats to support customers, all taught by accredited trainers using official materials."

About Quantum Innovation

Quantum Innovation is a trusted, global partner delivering mission-critical cyber security training and certifications to organizations, with branches in Australia and Dubai. The Quantum Innovation ecosystem reflects how learning is done today and provides greater impact than eLearning or classroom learning alone. With emphasis on topics like cybersecurity, cloud security, hacking, penetration testing and more, Quantum Innovation offers training aligned to industry-recognized certifications to support highly advanced cyber security skills development and mitigate workforce skills gaps. Quantum Innovation is on the cutting edge of cybersecurity training innovation, including unique topics including "Cybersecurity for the SOC" and practical learning activities like Red Team/Blue Team exercises, escape rooms, hackathons, and more.

Quantum Innovation has branches in UAE and Australia.
